

MUDGEES

3  2  2 

Just completed and ready for occupation is this beautifully finished residence on an excellent 1150sqm block.

The home comprises three bedrooms, each with built in robes, and two bathrooms.

The living space is a generous open plan area facing north allowing natural light to flood the room. The adjacent meals area is tiled and enjoys the same aspect.

With ample bench space, the kitchen is well appointed with stainless cooking appliances, dishwasher and breakfast bar.

An attractive colour palette throughout and inviting design features make this a comfortable home to live in. Reverse cycle air conditioning has been installed for climate control.

The front porch and rear alfresco areas both have impressive cedar timber ceilings and tiled flooring.

Garaging and storage is handy with an oversize double garage with internal entry.
