

MUDGEES

4  2  2 

Tucked away at the end of this south Mudgee cul de sac is this modern contemporary home.

There is an emphasis on open plan casual living/dining and meals preparation with the kitchen having stone bench tops and lots of cupboard space and access to a covered patio/BBQ area.

The entry foyer reveals a formal lounge room and master bedroom with ensuite and walk in robe. The three remaining bedrooms all have built in robes and share a sleek finished bathroom.

Double garage with auto panel lift door with internal access via the laundry. All that remains is some finishing touches to landscaping and the picture is complete.

Other quality homes surround this property so here's a chance to be a part of a sought after neighbourhood.
