Offering an abundance of living space and an attractive split level design, this family home will surprise.

There are four good size bedrooms, three with built in robes and the master with walk in robe and ensuite bathroom.

The living space consists of an open plan living/dining area with polished timber flooring and a family room with carpeted flooring.

Granite bench tops and splash backs add a touch of class to the kitchen and good pantry space and stainless appliances complete the package.

The living areas open onto a covered deck/entertaining area with great views to the north.

Ducted reverse cycle air conditioning, gas heating and the use of insulation keep the home cosy the year round.

The bathrooms are in very good condition and the main has a spa bath.
