

GULGONG

This approximately 335.9 hectare (830 acre) property won't last long.

Situated approximately 23 kilometres north of Gulgong, the land comprises approximately 40 acres cleared suited to cultivation and the balance to some regrowth rising to timbered hills.

There are two main dams and two smaller dams.

The property is mostly fenced with some internal fencing.

A fantastic farming getaway property.

Don't dilly dally though, it will be gone!

Land Size : 3359000 sqm
